

Marine Park Boat Ramp - upstream of Ryan Point

LCR-108.4R

Position - Location: 45° 36.698', -122° 37.969' 45° 36' 41.9", -122° 37' 58.1" 45.61164, -122.63282 Vancouver

Strategy Objective: Collection : Collect oil on beach next to boat ramp and remove with vac truck.

Implementation: From BL-LCR-108.4, Crew 2 launch workboat to strategy site. Crew 1 remain onshore river right at old boat ramp on SE Columbia Way and use line throwing device to pass line attached to 800ft. boom to Crew 2. Crew 2 pull boom across with power winch and anchor in river center to establish a steep collection angle. Anchor every 100-150ft. along boom length, or as appropriate for flow conditions, to maintain boom angle. Collect oil with portable skimmer and storage staged at old boat launch on river right.

Staging Area: Onsite: Marine Park Boat Ramp, Vancouver, SA-LCR-108.4R

Site Safety: Vehicle and vessel traffic, water hazards, slips, trips, falls.

Field Notes: Marine Park Boat Ramp access via Marine Parkway.

Watercourse: River - Below a Dam - Columbia River

Resources at Risk: Downstream Resources
