

**Whipple Creek at NW Krieger Road (WA)****WPPLC-0.8**

**Position - Location:** 45° 45.219', -122° 44.621' 45° 45' 13.2", -122° 44' 37.2" 45.75366, -122.74368 Ridgefield

**Strategy Objective:** Sorbent : Collect oil moving downstream on Whipple Creek using sorbents.

**Implementation:** Use roadway bridge over creek to deploy multiple lengths of sorbent boom on upstream and downstream sides of bridge. Use line to secure ends of sorbent boom to bridge, or existing structures nearby, do not insert anchoring posts. Replace saturated sorbents as needed. There is only enough room on the shoulder of the roadway for a work truck - DO NOT BRING AN EQUIPMENT TRAILER to this site. Notify Environmental Unit if deploying strategies in this area.

**Staging Area:** Onsite: Stage truck (no trailers) on shoulder of road at pullout located about 200ft north of creek.

**Site Safety:** Slips, Trips, Falls; Water Hazard; Roadway Hazard/Fast Moving Traffic; Active railroad nearby. Expect trains at any time from either side.

**Field Notes:** Do not allow people or equipment within 25' of railroad tracks. May be able to temporarily park equipment trailer at Clark County Sheriff's Office (West Precinct), 505 NW 179th Street, ~3.3mi from strategy site near I-5; call 360-397-2211.

**Watercourse:** Creek - Whipple Creek

**Resources at Risk:** Salmon - Coho, Sensitive Resources Nearby, Steelhead, Waterfowl and Shorebird Concentrations, Wetland Habitat, Wildlife Refuge

**Recommended Equipment**

4	Each	Anchoring System(s)- Shoreside
200	Feet	Boom - Sorbent
1	Each	Heaving Line(s)
100	Feet	Line - 3/8" poly line

**Recommended Personnel**

2	Laborer
1	Supervisor
