

Gee Creek (WA)**LCR-87.3R**

Position - Location: 45° 50.889', -122° 46.662' 45° 50' 53.3", -122° 46' 39.7" 45.84815, -122.77770 Woodland

Strategy Objective: Exclusion : Prevent oil from entering Gee Creek.

Implementation: Launch shallow-water workboat from Stevens' Moorage, BL-LEWR-0.4, with 100ft. boom. Deploy boom across the mouth of the creek. Anchor at AP-1 and AP-2 using rocks, trees, or other natural anchors only. Do not use stakes in this area. Let Environmental Unit know if deploying this strategy.

Staging Area: Remote: Stage at Stevens' Moorage, SA-LEWR-0.4

Site Safety: Slips, trips, and falls. Shallow water and wing wall pilings just west of strategy may pose a hazard.

Field Notes: Boat access only. Will likely require a shallow-draft boat.

Watercourse: Creek - Gee Creek

Resources at Risk: National Wildlife Refuge, Sensitive Resources Nearby, Wetland Habitat

**Recommended Equipment**

2 Each	Anchor - Natural
